(ISIN XS0984206812)
(the "Notes" and the holders thereof, the "Note Holders")

The Issuer is soliciting the Note Holders to consider and, if thought fit, approve the proposals to:

- (i) modify certain terms and conditions of the Notes (the "**Conditions**") and the Bond Instrument dated 24 October 2013 (the "**Bond Instrument**") constituting the Notes; and
- (ii) waive their right to claim a default under the Conditions and the Bond Instrument (the "**Waivers**") as a result of the failure by the Issuer to comply with some of its obligations under the Conditions as further described below (the "**Defaults**"),

The Consent Solicitation is made on the terms and subject to the conditions contained in this consent solicitation memorandum (the "**Consent Solicitation Memorandum**").

The proposals that the Issuer is inviting the Note Holders to approve (together, the "**Proposals**") will, if approved and implemented:

1. modify the Conditions and the Bond Instrument as follows:
 - (a) To amend the denomination per Note from \$200,000 to \$1 per Note, leading to a proportional conversion of the outstanding Notes from 150 Notes of \$ 200,000 each into 30,000,000 Notes of \$ 1 each, so as to allow the payment of interest in kind by the issuance of additional Notes (as further described below);
 - (b) As a result of the above amendment of the denomination per Note, to specify that the subscribers of the Notes undertake that they shall not transfer, offer or sell the Notes publically to any transferee or assignee, if such transfer would permit or qualify as a public offering of the Notes in any jurisdiction;
 - (c) To amend the maturity date whereby the maturity date will be 20 December 2019;
 - (d) With effect from 20 December 2015, all interest payments will be made annually;
 - (e) All accrued and unpaid interest up to 20 June 2015 amounting to \$1,350,000 will be settled by the issue of additional Notes making the revised amount of issued Notes as at 20 June 2015 of \$31,350,000;
 - (f) All accrued and unpaid interest up to 20 December 2015 amounting to \$1,410,750 and a compensation amount of \$20,250 to Note Holders for interest payments not being made on the due dates, will be settled by the issue of additional Notes making the revised amount of issued Notes as at 20 December 2015 of \$32,781,000;
 - (g) Interest due on 20 December 2016 in the sum of \$2,950,290 will not be paid in cash but shall be settled by the issue of additional Notes;
 - (h) With effect from 20 December 2017 (the next annual interest payment date), at the sole option of the Issuer, interest will be paid in cash or in the form of the issue of additional Notes or a combination of the two (partial cash interest payment and partial issue of additional Notes);
 - (i) Any interest that is settled by the issue of additional Notes will mean that interest will be payable on those Notes at the rate of 9% from the date interest was due;
 - (j) To cancel section 2.6 (*Security / Pledge*) of the Conditions, with retroactive effect as from 24 October 2013, and cancel, with retroactive effect as from 24 October 2013, related obligations for the Issuer to provide security interests over assets or, in the absence of such security interests, post cash collateral, or redeem the Notes or pay additional interests on the Notes; and
 - (k) To update the section 7 (Tax Warnings) of the Conditions to reflect the current Luxembourg tax laws.

For the avoidance of doubt, all above mentioned additional Notes issued to settle interests will be allocated to Note Holders in proportion of the Notes they held.

2. Constitute waivers from the Noteholders to their right to claim a default under the Conditions and the Bond Instrument (the “**Waivers**”) in connection with the Defaults of the Issuer arising out of:
 - (a) accrued and unpaid interest up to 20 June 2015 amounting to \$1,350,000 not being paid on the due date, in consideration for the above mentioned proposal of settlement by the issue of additional Notes making the revised amount of issued Notes as at 20 June 2015 of \$31,350,000;

 - (c) accrued and unpaid interest due on 20 December 2016 in the sum of \$2,950,290 not being paid in cash at such date, in consideration for the above proposal of a settlement by the issue of additional Notes;
 - (d) the obligations for the Issuer, as from 24 October 2013, to provide security interests over assets or, in the absence of such security interests, post cash collateral, redeem the Notes or pay additional interests on the Notes in application of section 2.6 of the Conditions.
3. appoint Mr. Ewen Wigley as chairman of the Meeting.

BACKGROUND TO AND RATIONALE FOR THE CONSENT SOLICITATION

Background to the Proposals

The Notes

On 24 October 2013, the Issuer issued an initial tranche of the \$100 million 9.00 per cent. Euro Medium Term Notes due 20 December 2017 (the "Notes"). The actual amount drawn down on the Notes was \$30,000,000. The interest payable on the Notes was at the rate of 9.00%. The nominal value of each of the Notes is \$200,000, which is repayable on 20 December 2017. The Issuer and certain of the Note Holders (as defined below) have held discussions regarding certain amendments to the Notes.

Gasol announces that it is inviting Note Holders (the "Note Holders") of its issued \$30,000,000 9.00% notes due 20 December 2017 (ISIN XS0984206812) to consent inter alia to a change in the maturity date, interest payment conditions, security interests over assets and repayment amount provisions relating to the Notes (described briefly below) as proposed by Gasol (the "Proposals").

Rationale for the Proposals

The considerable drop in international oil prices over the past 2 years, from over \$100 per barrel in mid-2014 to under \$40 per barrel at the beginning of 2016, has presented a challenging environment for Gasol to continue with the development of its projects. The decision by some major Middle Eastern countries, notably Saudi Arabia, to continue producing oil has led to a significant increase in supply to the market. This has occurred at the same time as some of the major oil importing countries, such as China, are experiencing a slowdown in economic growth and relatedly a fall in demand for commodities such as oil. The combination of these two events has led to the significant fall in the price of oil. As the majority of gas pricing is linked to the price of oil, the price of gas has fallen significantly as well. The lower price of gas has an impact on the gas projects that Gasol is developing through the squeezing of margins available for financing the capital and operational expenditure of the projects.

The fall in the price of oil and gas has also led to the contraction of credit available for oil and gas projects and made financial institutions and investors generally more nervous about investing into gas projects of the type that Gasol is developing. The low price of oil and gas has also had a negative impact on the government revenues and economies of some of the countries that Gasol is looking to invest in.

Whilst the Board of Gasol believes that it will begin to generate cash from its operations in the future, there is a need to preserve cash resources for the continued development of the projects that Gasol is focused on. The bond Proposals relating to, both amendments to the Conditions and Waivers, are therefore designed to rebalance the Group's financing obligations in line with this belief.

Accordingly, denomination per Note will be changed from \$200,000 to \$1 leading to a proportional conversion of the outstanding Notes from 150 Notes of \$ 200,000 each into 30,000,000 Notes of \$ 1 each, so as to allow the payment of interest in kind by the issuance of additional Notes (as further described below). As a result of the above amendment of the denomination per Note, it will be specified in the Conditions that the subscribers of the Notes undertake that they shall not transfer, offer or sell the Notes publically to any transferee or assignee, if such transfer would permit or qualify as a public offering of the Notes in any jurisdiction. The maturity date of the Notes will be changed from 20 December 2017 to 20 December 2019. From 20 December 2015, interest payments will be changed from semi-annual to annual. In regard to accrued and unpaid interest up to 20 June 2015, amounting to \$1,350,000, this will be settled by the issue of additional Notes making the revised principal amount as at 20 June 2015 of \$31,350,000. As a result of the immediately preceding sentence, the Noteholders would waive their right to claim an event of default resulting from interest payments not being made on the 20 June 2015. In respect of accrued and unpaid interest up to 20 December 2015, amounting to \$1,410,750 and a compensation amount of \$20,250 to Note Holders for interest payments not being made on the due dates, this will be settled by the issue of additional Notes making the revised principal amount as at 20 December 2015 of \$32,781,000. As a result of the immediately preceding sentence, the Noteholders would waive their right to claim an event of default resulting from interest payments not being made on the due dates as compensated by the above penalty amount. Interest due on 20 December 2016 in the sum of \$2,950,290 will not be paid in cash but will be settled by the issue of additional Notes. As a result of the immediately preceding sentence, the Noteholders would waive their right to claim an event of default resulting from interest payments not being

made on the 20 December 2016. With effect from 20 December 2017 (the next annual interest payment date), at the option of the Issuer, interest will be paid in cash or in the form of the issue of additional Notes or a combination of the two (partial cash interest payment and partial issue of additional Notes). Any interest that is settled by the issue of additional Notes will mean that interest will be payable on those Notes at the rate of 9% from the date interest was due. Section 2.6 (*Security / Pledge*) of the Conditions will be cancelled with retroactive effect as from 24 October 2013, and as a result, related obligations for the Issuer to provide security interests over assets or, in the absence of such security interests, post cash collateral, redeem the Notes or pay additional interests on the Notes will be cancelled, with retroactive effect as from 24 October 2013. As a result of the immediately preceding sentence, the Noteholders would waive their right to claim an event of default resulting from the obligations of the Issuer under section 2.6 of the Conditions not being complied with. Finally, it is contemplated to update the section 7 (Tax Warnings) of the Conditions to reflect the current Luxembourg tax laws. For the avoidance of doubt, all above mentioned additional Notes issued to settle interests will be allocated to Note Holders in proportion of the Notes they held.

The Board of Directors of Gasol has carefully considered the Proposals and believes that the amendments and Waivers described in the Consent Solicitation Memorandum provide the most appropriate solution to the funding challenges.

Gasol has confidentially discussed these amendments to the Notes and related Waivers with certain of the Note Holders and, based on the Note Holders' responses during those discussions, Gasol expects them to be supportive of the Proposals.

4. Conditions to the Solicitations

With respect to each solicitation, the Issuer's obligation to accept Consents is conditional on the satisfaction of the following conditions:

- The valid delivery (without valid revocation) of the applicable Consents on or prior to the applicable Expiration Date;
- The approval of the Proposals by the Extraordinary Resolution of the Noteholders with the valid quorum (Note Holders present holding or representing at least half of the value of the Notes then outstanding) and qualified majority (at least two third of the votes cast by the Note Holders present or represented) and the execution of the applicable Supplemental Bond Instrument giving effect to the Proposals by the parties thereto and the effectiveness of such Supplemental Bond Instrument in accordance with its terms; and
- The absence of any laws or regulations that would, and the absence of any injunction or action or other proceeding that (if adversely determined), in the judgment of the Issuer, might or could, make unlawful or invalid or enjoin the implementation of the Proposals, or that would question the legality or validity thereof.

Subject to the requirements of applicable law and the Supplemental Bond Instrument, the Issuer reserves the right, in its sole discretion, to waive, where possible, any and all of the Conditions to the Solicitations at any time and from time to time, or to terminate the Solicitations.

5. Notices

Notices throughout the Consent Solicitation will be published in accordance with all applicable rules and regulations as follows:

- (a) a notice in the Clearing Systems for communication to Direct Participants; and
- (b) by any other means as the Issuer may, in its absolute discretion, consider appropriate.

6. The Meeting

The Meeting in respect of the Notes will start at 10:15 a.m. (London time) on 18 May 2017 at 40 New Bond Street, London W1S 2RX, United Kingdom.

The quorum required for the Meeting is persons present or being proxies or representatives and holding or representing at least one half of the value of the Notes for the time being outstanding (as defined in the Bond Instrument). In the event that such quorum is not obtained at the initial Meeting, the Meeting will be adjourned to the date and place indicated in a notice of adjournment of the initial Meeting of the holders of the Notes. At any adjourned Meeting, two or more persons present or being proxies or representatives (whatever the aggregate principal amount of the outstanding Notes held or represented by them) shall form a quorum.

In the event that the required quorum is not obtained at such adjourned Meeting, the Meeting shall be dissolved.

The holding of any adjourned Meeting will be subject to the Issuer giving notice thereof in accordance with the Conditions and the provisions for meetings of Note Holders set out in the Bond Instrument.

To be duly approved at the Meeting, the Extraordinary Resolution requires a majority of two thirds of the votes cast by the holders of the Notes present or represented. Votes cast shall not include votes attaching to notes in respect of which a Note Holder has not taken part in the vote or has abstained or has returned a blank or invalid vote. If passed, the Extraordinary Resolution shall be binding on all Note Holders, whether present or not at the Meeting and whether or not voting.

Note Holders should refer to the Notice for full details of the procedures in relation to the Meeting.

7. Procedures for Voting

On or after the date of this Consent Solicitation Memorandum, a Note Holder may vote in relation to the Consent

Solicitation by submitting a Consent Instruction in accordance with this section entitled "*The Consent Solicitation – Procedures for Voting*":

Consent Instructions must be delivered to the Issuer via the relevant Clearing System by Direct Participants in accordance with the requirements of such Clearing System. Note Holders who wish to attend and vote, or otherwise be represented, at the Meeting (or any such adjourned Meeting) in person should provide the Issuer via the relevant Clearing System with instructions to be issued a voting certificate or a form of proxy.

In order to submit a valid instruction to approve or reject the Extraordinary Resolution, Consent Instructions must be received by the Issuer by the Voting Deadline (see the section entitled "*Indicative Solicitation Timetable*"), taking into account the deadlines set by Clearing Systems and any intermediary through which a Note Holder may hold Notes.

Note Holders may contact the Issuer via email or at its telephone number provided on the last page of this Consent Solicitation Memorandum if they require assistance or information in relation to the procedures for submitting Consent Instructions or requesting voting certificates or forms of proxy.

Only Direct Participants may submit a Consent Instruction. If you are not a Direct Participant, you must arrange for the Direct Participant through which you hold the Notes to submit a Consent Instruction on your behalf to the Issuer.

Holders of Notes that are held in the name of a broker, dealer, bank, trust company or other nominee or custodian should contact such entity sufficiently in advance of the Voting Deadline if they wish to vote and procure that the Notes are blocked in accordance with the standard procedures of the relevant Clearing System and the deadlines imposed by such Clearing System.

Note Holders are advised to check with any broker, dealer, bank, custodian, trust company or other trustee through which they hold Notes whether such broker, dealer, bank, custodian, trust company or other trustee would require receiving any notice or instructions prior to the deadlines set out in the section entitled "*Indicative Solicitation Timetable*".

All questions as to the form of documents and validity, eligibility (including time of receipt) and acceptance of Consent Instructions will be determined by the Issuer in its sole discretion, and such determination will be final and binding. The Issuer reserves the absolute right to reject any or all Consent Instructions which it determines are not in proper form or which may, upon the advice of the Issuer's legal counsel, be unlawful. The Issuer also reserves the absolute right to waive any defect, irregularity or delay with regard to any of the Consent Instructions. The Issuer also reserves the absolute right to waive any such defect, irregularity or delay as to particular Consent Instructions, whether or not it elects to waive similar defects, irregularities or any delay in the case of other Consent Instructions. Any defect, irregularity or delay must be cured within such time as the Issuer determines, unless waived by it. Consent Instructions in the Consent Solicitation will be deemed not to have been made until such defects, irregularities or delays have been cured or waived. Neither the Issuer nor the Paying Agent shall be under any duty to give notice to Note Holders of any defects, irregularities or delays in any Consent Instructions, nor shall any of them incur any liability for failure to give such notice.

Restrictions on Transfer and Revocation

The receipt of a Consent Instruction by the relevant Clearing System will be acknowledged in accordance with the standard practices of such Clearing System and will result in the blocking of the Notes in the relevant Clearing System so that no transfer may be effected in relation to such Notes. Holders of the Notes must take the appropriate steps through the relevant Clearing System so that no transfers or other action may be effected in relation to such blocked Notes at any time after the date of submission of such Consent Instruction in accordance with the requirements of the relevant Clearing System and the deadlines required by such Clearing System. By blocking the Notes in the relevant Clearing System, each Direct Participant will be deemed to consent to have the relevant Clearing System provide details concerning such Direct Participant's identity to the Issuer.

Voting in the Consent Solicitation by a Note Holder, or the relevant Direct Participant on its behalf, may be revoked by that Note Holder, or the relevant Direct Participant on its behalf, before the Revocation Deadline by submitting valid revocation instructions to the Issuer. To be valid, such revocation instruction must specify the Notes to which the original Consent Instruction related, the securities account in which such Notes are credited and any other information required by the Issuer.

Acknowledgements, Agreements, Representations, Warranties and Undertakings

By submitting a valid Consent Instruction to the Issuer, the holder of the Notes and any Direct Participant submitting such Consent Instruction on such Note Holder's behalf shall be deemed to agree, acknowledge, represent, warrant and undertake to the Issuer and the Paying Agent the following on each of the Voting Deadline (if a Consent Instruction has been delivered by such date), the date of the Meeting:

(a) it has received and reviewed and accepts the terms, conditions, risk factors and other considerations of the Consent Solicitation and the Extraordinary Resolution, all as described in this Consent Solicitation Memorandum or incorporated by reference herein;

(b) by blocking the Notes in the relevant Clearing System, it will be deemed to consent to have such Clearing System provide details concerning the Direct Participant's identity to the Issuer;

(c) it instructs the Paying Agent to appoint one or more representatives of the Issuer as its proxy to vote in favour of or against the Extraordinary Resolution in accordance with its directions in respect of all of the Notes in its account blocked in the relevant Clearing System;

(d) all authority conferred or agreed to be conferred pursuant to these acknowledgements, agreements, representations, warranties and undertakings, and all of its obligations thereunder, shall be binding upon its successors, assigns, heirs, executors, trustees in bankruptcy and legal representatives, and shall not be affected by, and shall survive, its death or incapacity;

(e) no information has been provided to it by the Issuer or the Paying Agent or any of their respective directors or employees, with regard to the financial, legal or tax consequences for holders of Notes arising from the Consent Solicitation and it acknowledges that it is solely liable for any taxes and similar or related payments imposed on it under the laws of any applicable jurisdiction as a result of the Consent Solicitation and agrees that it will not and does not have any right of recourse (whether by way of reimbursement, indemnity or otherwise) against the Issuer or the Paying Agent or any of their respective directors or employees, or any other person in respect of such taxes and payments;

(f) it is not a person to whom it is unlawful to make the Proposals pursuant to the Consent Solicitation under applicable securities laws and regulations; and

(g) it holds and will hold, until the earliest of (i) the date on which the Consent Instruction is validly revoked in accordance with the terms of this Consent Solicitation Memorandum; (ii) the conclusion of the Meeting (or, if applicable, any adjournment of such Meeting); and (iii) the date on which the Consent Solicitation is terminated by the Issuer (provided that such termination is more than 48 hours before the time set for the Meeting), the Notes blocked in the relevant Clearing System and, in accordance with the requirements of such Clearing System and by the deadline required by such Clearing System, it has submitted, or has caused to be submitted, an instruction to such Clearing System to authorise the blocking of the Notes and with effect on and from the date thereof no transfers of such Notes may be effected.

If a holder of such Notes or a Direct Participant is unable to give these acknowledgements, agreements, representations, warranties and undertakings, such holder or Direct Participant should contact the Issuer immediately.

Validity of Consent Instructions for adjourned Meeting

Any Consent Instruction received by the Issuer before the Voting Deadline (and which has not been revoked) will remain valid for the purposes of any adjourned Meeting.

Irrevocability

For the avoidance of doubt, the submission of a valid Consent Instruction in accordance with the procedures described above will be irrevocable unless validly revoked before the Revocation Deadline.

8. Extension, Amendment and Termination

Notwithstanding any other provision of the Consent Solicitation, the Issuer may, subject to the Bond Instrument and applicable laws and regulations, at its sole discretion:

(a) amend the Consent Solicitation (other than the terms of the Extraordinary Resolution) in any respect, including extend any of the deadlines specified herein; and/or

(b) amend or modify drafts of the Waiver and Amendment Agreement (including the proposed amendments to the Conditions).

No material amendment may be made later than 10:15 a.m. (London time) on the second Business Day before the Revocation Deadline.

If any such amendment as is referred to in (a) above is made which, in the Issuer's opinion, is materially prejudicial to the interests of the Note Holders, the Extraordinary Resolution will not be presented to the Meeting and a new meeting may be convened by the Issuer to consider a new Extraordinary Resolution which incorporates such amendments.

The Issuer will notify Note Holders of any such amendment or extension as soon as is reasonably practicable thereafter (and in any event not later than 10:15 a.m. (London time) on the second Business Day before the Revocation Deadline) by giving notice using the methods set out in the section entitled "*The Consent Solicitation – Notices*" above.

The Issuer also reserves the right to waive any or all of the conditions of the Consent Solicitation as set out in this Consent Solicitation Memorandum.

The Issuer reserves the right, at its sole discretion, to withdraw any or all of the Proposals at any time before the Meeting (or any adjourned Meeting). In the event that any Proposals are withdrawn, the Meeting will still be held but the Issuer will be under no obligation to enter into the Waiver and Amendment Agreement to give effect to the amendments contained in the Extraordinary Resolution.

The Issuer also reserves the right, at its sole discretion at any time prior to the Voting Deadline, to terminate the Consent Solicitation.

9. Governing Law and Forum

The Consent Solicitation, this Consent Solicitation Memorandum, any Consent Instruction, any voting certificate or form of proxy and all contracts resulting therefrom and any non-contractual obligation arising out of or in connection with any of them, shall be governed by, and construed in accordance with, the laws of Luxembourg. Submission by, or on behalf of, a Note Holder of a Consent Instruction constitutes his or her submission, in relation to all matters arising out of or in connection with the Consent Solicitation, this Consent Solicitation Memorandum, any Consent Instruction and all contracts resulting therefrom and any non-contractual obligation arising out of or in connection with any of them, to the exclusive jurisdiction of the courts of Luxembourg.

RISK FACTORS AND OTHER CONSIDERATIONS

Before making a decision with respect to the Consent Solicitation, Note Holders should carefully consider, in addition to the other information contained in this Consent Solicitation Memorandum, the following matters.

All Note Holders are bound by the Extraordinary Resolution

If the Extraordinary Resolution is passed and the Proposals are implemented, all Note Holders will be bound by the Proposals, including those Note Holders who voted against or abstained from voting on the Proposals.

Implementation of Proposals

The implementation of the matters referred to in the Extraordinary Resolution will only be effective if the Extraordinary Resolution is passed and the Waiver and Amendment Agreement is duly executed.

Notes held through the Clearing Systems

In relation to the delivery or revocation of electronic voting instructions or obtaining forms of proxy or otherwise making arrangements for the giving of voting instructions, in each case through the Clearing Systems, holders of Notes in Euroclear or Clearstream, Luxembourg should note the particular practice and policy of the relevant Clearing System, including any earlier deadlines set by such Clearing System.

Voting in respect of the Consent Solicitation

A Note Holder should either deliver or procure delivery on its behalf of a Consent Instruction to the Issuer before the Voting Deadline in accordance with the terms of this Consent Solicitation Memorandum and not validly revoke its Consent Instruction. Only Direct Participants may validly deliver Consent Instructions. Note Holders who are not Direct Participants should arrange for the Direct Participant through which they hold their Notes to deliver a Consent Instruction on their behalf to the Issuer or to the Chairman of the Meeting (as applicable), as more particularly described in the section entitled "*The Consent Solicitation – Procedures for Voting*".

Note Holders who have not delivered or arranged for the delivery of a Consent Instruction as provided above but who wish to attend and vote at the Meeting or otherwise give voting instructions may do so by requesting a voting certificate or by appointing a proxy or otherwise in accordance with the voting procedures set out in the Notice and the Bond Instrument.

Responsibility for complying with the procedures of the Consent Solicitation

Note Holders are responsible for complying with all of the procedures for voting. The Issuer and the Paying Agent do not assume any responsibility for informing Note Holders of defects, irregularities or delays with respect to Consent Instructions or the appointment of a proxy.

Blocking of Notes

When considering whether to deliver a Consent Instruction, Note Holders should take into account that restrictions on the transfer of the Notes by Note Holders will apply from the time of submission of such instructions.

The submission of a Consent Instruction will constitute an instruction to block the Notes of such Note Holder in the relevant Clearing System account from the date the Consent Instruction is submitted until the earlier of (i) conclusion of the Meeting and any adjourned Meeting (in the event that the Extraordinary Resolution is not passed at the initial Meeting); and (ii) the date on which such Consent Instruction is revoked (in the circumstances in which such revocation is permitted, as further described in the section entitled "*Procedures for Voting – Restrictions on Transfers and Revocation*").

Irrevocability of Consent Instructions

Notwithstanding the right of Note Holders to revoke Consent Instructions or forms of proxy, such revocation will only be accepted if validly submitted before the Revocation Deadline.

Subsequent Offers

Whether or not the Proposals are implemented for the Notes, the Issuer may at any time make or procure the making of a new proposal to the Note Holders on such terms as they or it may determine. Any such new proposal may be materially less or more favourable to Note Holders.

TAX CONSEQUENCES

In view of the number of different jurisdictions where tax laws may apply to a Note Holder, this Consent Solicitation Memorandum does not discuss the tax consequences to Note Holders of the Consent Solicitation. Note Holders are urged to consult their own professional advisers regarding these possible tax consequences under the laws of the jurisdictions that apply to them. Note Holders are liable for their own taxes and have no recourse to the Issuer or Paying Agent with respect to taxes arising in connection with the Consent Solicitation.

In addition to the representation referred to above in respect of the United States, each holder of Notes participating in the Consent Solicitation will also be deemed to give certain other representations as set out in this Consent Solicitation Memorandum. Any Consent Instruction from a Note Holder that is unable to make these representations will not be accepted. Each of the Issuer and the Paying Agent reserves the right, in each of its absolute discretion, to investigate whether any such representation given by a Note Holder is correct and, if such investigation is undertaken and, as a result, the Issuer determines (for any reason) that such representation is not correct, such Consent Instruction may not be accepted.
